

Paley Rothman Temporarily Closes Physical Offices Amid COVID-19 Concerns

As with everything we do, the health and well-being of our clients, employees and their families is our utmost priority. With this in mind, we have decided to temporarily close Paley Rothman's physical offices (Bethesda and Falls Church) amid COVID-19 concerns in this area.

Please be assured that Paley Rothman has planned in advance for the possibility of working remotely and will continue to serve you as seamlessly as possible during this temporary closure. During this time we will not be holding in-office meetings with any clients. Your attorney or their assistant should be reaching out to you to reschedule or meet via phone.

If you need to get in touch with someone from Paley Rothman, you are welcome to email them directly at their @paleyrothman.com email address, or email info@paleyrothman.com with a note of who you are trying to reach. Alternatively, you can still call individuals on their direct dials, or call the office at our main line 301-656-7603 and enter your party's extension or access the "Dial By Name" directory.

OUR OFFICE IS
CLOSED,
BUT WE ARE
OPEN
FOR BUSINESS

The health and well-being of our clients, employees and their families is our utmost priority, so while our physical office is temporarily closed, we are working remotely. Thank you for your understanding and cooperation during this complicated time. Please know that while our service to you is of paramount importance, our response time may be slower than normal.
